

1. EDUCATION

1.1 **Harvard University**

Master's Degree, Data Science
09.2023–05.2026

Master's Capstone:

ViGOR (Video-Generated Operative Reporting)

- Partnered with surgeons at Stanford Medicine to build a vision-to-language working prototype that automates operative note generation directly from robotic surgical video.
- Developed a human-in-the-loop interface anchoring generated text to visual evidence for interpretability and clinical accuracy.

1.2 **Artcenter College of Design**

Bachelor's Degree, Graphic Design
06.2017–05.2020

- Served as Student President
- Teaching Assistant to Instructor Paula Seo for Advanced Visual Interaction Studio

1.3 **University of California, Berkeley**

Department of Mathematics
01.2014–05.2015

- Completed courses in calculus, linear algebra, and statistics.

2. EXPERIENCE

2.1 **Research Assistant**

Harvard Kennedy School
01.2025–05.2026 | Cambridge, MA

- Engineered data pipelines to process and structure large-scale, unstructured Vietnam War archival data.
- Designed and developed the database's front-end interface to be highly accessible for scholars.

2.2 **Product Marketing Lead**

Timeless Labs
08.2021–05.2022 | Palo Alto, CA

- Partnered with product and design teams to launch the startup's initial visual identity and manage frontend website development.

2.3 **Digital Product Designer**

Hummingbirdsday Design
05.2020–05.2021 | Santa Monica, CA

- Designed information architecture, user flows, and interactive prototypes for mobile and web products, specializing in AR/VR application.

3. SKILLS

- 3.1 **Data & ML Engineering:** Python, R, SQL, PyTorch, Keras, Computer Vision, Natural Language Processing
- 3.2 **Interaction & Interface Design:** Figma, React, HTML/CSS, Adobe Creative Suite

4. RECOGNITION

- 4.1 Dean's Prize for Outstanding Thesis, 2026
- 4.2 Siras Greiner Memorial Scholarship, 2018
- 4.3 ArtCenter Department Scholarship, 2017
- 4.4 International Baccalaureate Diploma, 2013
- 4.5 Eagle Scout (Boy Scouts of America), 2013
